Profile

I am a Mobile Application Developer with 1 year of experience in developing mobile applications in React Native Technology. I have studied B.E. in Computer Science and have gained skills in programming languages like C, Java, Javascript. I am a quick learner and have a keen interest in new technologies. Skilled with working as a team and incorporating input into projects. Ability to always look for ways to improve upon an already existing app to keep people downloading it and enjoying it. Strong eye for detail and tenacity to never quit on something until it is absolutely perfect.
